

Summary of the Project Proposals

The following proposals emerged from the consultation process

PR1 - Fiveways

enhance Fiveways through pavement, traffic and crossing changes.

PR2 - St. Stephen's Gardens

improve St. Stephen's Gardens by adding furniture and elements to encourage social interaction.

PR3 - Needham / Artesian Roads

rearrange pavements and plantings at Needham and Artesian Roads.

PR4 - The Interior Streets

slow traffic on the interior streets through pavement changes and allow temporary closures for social and community gatherings.

PR5 - Wessex Gardens

create more visible and pedestrian friendly entrances at Wessex Gardens

PR6 - Pedestrian Crossings

add pedestrian crossings across Talbot Road, Ledbury Road and Westbourne Park Road

PR7 - Air Quality Monitoring

install air quality monitoring devices

PR8- Street Lamp Replacement

replace street lamps with lower heritage designs for less light pollution

PR9 - Business Support and Branding

create a brand identity for our area and our businesses to help support them

PR10 - Drinking Fountain

host a competition to design a NHENF drinking fountain and raise funds for its instalment

PR11 - Public Art

add some public art in visible locations in our area

PR12 - Additional Street Trees

plant additional street trees in locations identified where possible

PR13 - Notting Hill East Design Guide

create a local design guide for our streets
